**RE: PROVISION OF ONSITE SUPPORT FOR NATIONAL TREASURY IFMIS  
SECURITY INFRASTRUCTURE  
TENDER NO. TNT/024/2018-2019  
ADDENDUM II**

The National Treasury has issued the following addendum to the tender for provision of onsite security support to protect its IFMIS infrastructure on response to issues raised by prospective bidders.

#	Question	Response from The National Treasury and Planning
1.	<p>Based on the Addendum referring to the question of the exact model of devices and the qty of each of the below to quote accordingly:</p> <ol style="list-style-type: none"> <li>1. Cisco Security Manager licenses To support 35 devices</li> <li>2. Cisco Prime Infrastructure License To support 130 devices</li> <li>3. Cisco Prime D C License To support 30 devices</li> </ol> <p>This refers to the model and part numbers which will be connected to the Cisco Prime, for example:</p> <ul style="list-style-type: none"> <li>• L-MGMT3X-2K-K9 Which is the License for a Cisco catalyst</li> </ul>	<p><b>Cisco Security Manager</b> Cisco ASA 5500 Series and ASA 5500-X Series appliances; and the Cisco AnyConnect Secure Mobility Client are the main devices to be monitored by this application</p> <p><b>Cisco Prime D C application</b> This application shall be used to monitor both physical and virtual environment. Specifically the application shall be used to monitor data center servers that are based on Linux, Windows OS, and Solaris OS and datacenter fabric and data centers.</p> <p><b>Cisco Prime Infrastructure</b> This product shall be used to monitor the</p>

#	Question	Response from The National Treasury and Planning
	<p>2960X Switch</p> <ul style="list-style-type: none"> <li>• L-MGMT3X-AP-K9 Which is the License for an Cisco Access Point</li> <li>• L-MGMT3X-ASR1K9 Which is the License for a Cisco Security ASR device.</li> </ul> <p>All the above licenses are different and have different pricing on them, Hence the need to get the correct devices that will be connected to the Cisco Prime, Both for the Infrastructure and the Data Centre.</p>	<p>infrastructure setup specifically for Cisco devices. The monitoring shall include but not limited to the following;</p> <ol style="list-style-type: none"> <li>1. Cisco Nexus series Switches (Nexus2K,Nexus5K,Nexus7K and Nexus9K)</li> <li>2. Fault management</li> <li>3. Configuration management</li> </ol> <p><b>NB:</b> It should be noted that's this a support tender and not a new implementation tender, a renewal of licenses that the National Treasury has in its premises is therefore guided by the Product numbers provided in the tender document.</p>

All other terms and conditions of the tender remain the same.
